

Numeracy

Fractions, Decimals and Percentages

Children will be able to:

- State the everyday context in which simple fractions, percentages or decimal fractions are used.
- Explain the relationship between a simple fraction, decimal fraction and percentage.
- Find a percentage of a quantity.
- Add and subtract decimal fractions.
- Multiply and divide decimal fractions by a single digit, 10 and 100.

Lanark Grammar Science Fair

This term, pupils will be offered the opportunity to take part in the LGS Science Fair as part of British Science Week. This opportunity will be offered as a homework task and would involve pupils producing a display to be judged by STEM Ambassadors on Thursday 19th March from 6pm-9pm. More info to follow!

Literacy

This term, pupils will be reading a group text in class (Carrie's War/ The Iron Man/ A Footballer Called Flip) and will undertake tasks related to their reading focussing on predicting, synthesising, determining importance and inferring. During our taught writing sessions we will focus on narrative writing. Weekly spelling words and grammar lessons will also feature. Children should continue with a personal reader at home and are more than welcome to borrow a text from school. Additionally, children can record what they've read in their First Minister's Reading Challenge booklet.

Primary 7

Mrs Dunlop

January-March 2020

Health and Wellbeing

Indoor PE: Rugby sessions delivered by Biggar RFC

Outdoor PE: Cross country training

Pupils will continue to engage with the '8 Wellbeing Indicators' and will explore how the indicators can help us to keep on top of our social, emotional and physical wellbeing. We will be focussing on the 'active,' 'respected' and 'responsible' indicators this term. As part of our PE programme, cross country training will begin in preparation for the Clydesdale Cross Country event at Lanark Racecourse on **Friday 6th March**. This will consist of warm up jogs, laps of Kildare Park and sprints. Our training will take place on Tuesdays and Fridays and an appropriate outdoor P.E kit will be required on these days.

Social Studies

This term, Room 10 will be stepping back to the time of the Tudors by investigating the life and times of Mary, Queen of Scots. Through this topic, children will develop their skills in:

- Using both primary and secondary sources of evidence in an investigation about the past.
- Placing an event appropriately within a historical timeline.
- Describing at least two ways in which past events or the actions of individuals or groups have shaped Scottish society.
- Describing and discussing at least three similarities and differences between their own life and life in a past society.

Scots

This term, Primary 7 will complete a Scots Research Project as part of their homework. Pupils will be asked to research and create a project based upon one aspect of Scottish history, geography or culture. This will be due on **Wednesday 5th February**. The project winner will be announced at Scots Evening on Wed 5th Feb - Please find additional information about the project in homework folders.

Additionally, as part of our Scots learning, the pupils will learn a verse from Burns' 'Address to a Haggis' and will also be asked to learn and recite an individual Scots poem.
