

Numeracy

Pupils will continue to revise ordering, writing and counting numbers up to 100. The language of division and multiplication will be introduced and fractions facts explored.

Pupils will also focus on quick recall of number facts through our Big Maths activities.

Other areas of learning will include, data handling, measure and following directions.

Homework

- See Google Classrooms.
- Weekly talking and listening task.
- Easimaths and Reading Eggs Homework.
- Reading - please read every night.

Primary 2

Room 2 - Mrs Morton

April – June 2022

Literacy

This term, pupils will continue to work through the spelling programme at their appropriate level. Learners are expected to apply their spelling learning consistently in their writing tasks.

As a class, we continue to work on ensuring we have the correct letter formation and spelling of common words across all written tasks.

We will continue to learn about different punctuation in Grammar lessons.

All learners will continue to develop their reading skills at their level with a focus on fluency and expression when reading aloud.

Topic

This term children will explore what Lanark has to offer young people. They will explore the different roles people play in the community and the difference between their needs and wants compared to those of others around them. Pupils will explore local shops and organisations to find out how they meet their needs.

Health and Wellbeing

This term our HWB indicator is included, which we will explore through P.E, healthy lifestyles and food and health.

PE days are:

Thursday (Indoor gym hall)
Friday (MUGA)

We will also be in the woodlands for outdoor learning most Wednesdays.

Appropriate clothing is required for all sessions.

Science (with Miss Forbes)

In Science, the children will be learning how to describe the position and function of the skeleton and major organs of the human body and discuss what they need to do to keep them healthy.

ICT

Pupils will practise logging on and off the Chromebooks independently and develop ICT skills learned in class. To help further develop literacy and numeracy skills, pupils will access various activities on iPads and Chromebooks.

R.M.E

During this term pupils will be learning about the personal journey of key figures in Christianity and Buddhism.
