

Numeracy

The class will focus on place value before moving onto addition and subtraction.

Place Value - children will:

- Read, write and order numbers
- Round numbers to the nearest 100/1,000/10,000/1,000,000/100,000,000

Addition and Subtraction - children will:

- Solve addition and subtraction problems using written and mental strategies.
- Successfully use a calculator to add, and subtract.

Pupils will continue to engage with 'Big Maths' on a daily basis in order to increase their speed and accuracy when recalling tables facts. Problem solving skills will be visited throughout the term with the focus being on solving problems in a 'real life' context.

Health and Wellbeing

Pupils will engage with the '8 Wellbeing Indicators' and will explore how the indicators can help to keep on top of their social, emotional and physical wellbeing. Pupils will focus on skills such as: team work & coordination during both indoor and outdoor PE sessions. Our focus in Health & Wellbeing will be on protective behaviours through which children will be encouraged to think about a range of emotions and how to identify them in themselves.

Homework

Homework will be issued on a Friday, due the following Thursday. Homework activities will include a maths task, reading, spelling and talking and listening. If you have any questions or queries regarding your child's homework, please do not hesitate to contact me. Your support is very much appreciated!

Primary 7

Mrs Dunlop

August-October 2019

Important!

P.E days are:

- Tuesday (indoor)
- Friday (MUGA)

Gym kit is required for both sessions.

Miss McMaster will teach Room 10 on a Tuesday afternoon focusing on P.E and science.

Science (with Miss McMaster)

This term, P7 will be studying plants. They will focus on the classification of flowering and non-flowering plants.

Literacy and Languages

This term we will be conducting an author study on Michael Morpurgo. Through this author study, pupils will develop their skills in: predicting, connecting, determining importance and inferring. Grammar and punctuation will be visited throughout the term with the emphasis on transferring this learning into everyday writing. Pupils will also develop their writing skills by writing a recount about Lockerbie Manor and a non-chronological report on natural disasters.

French

Pupils will consolidate: basic greetings, numbers to 31, days of the week and months of the year.

Topic

This term, pupils will be studying 'Natural Disasters.' Children will develop their skills in:

- Analysing the causes of natural disasters to determine their significance.
- Identifying geographically where natural disasters occur and why.
- Appreciating the impact on the people and landscape around natural disasters.
- Using online resources to research natural disasters.
