

Numeracy

In Numeracy, pupils will be working on Multiplication and Division. Pupils will work at the appropriate stage and pace for them. They will work on:

- Can multiply up to 4 digits by a single digit using the standard written method.
- Can mentally multiply and divide 2 digit numbers more confidently by a single digit.
- Can multiply and divide up to 4 digits and 2 decimal places by a single digit using the standard written method and including word problems.
- Can multiply and divide 3 digits by 2 digits, incorporating word problems, using the standard written method.
- Can multiply and divide 3 digits by 2 digits, incorporating word problems, using the standard written method.

Learners should continue to practise their 'Learn Its' weekly alongside their Numeracy homework. These are based on fractions, decimals and percentages this term. Learning these will make their classwork easier to tackle!

Topic

Pupils will be working on a 'Natural Disasters' topic this term. They will be learning about a wide range of natural disasters, how they happen and the damage they cause. They will learn about the impact these have on communities around the world. They are excited to share their learning with parents/carers at their assembly on **Friday**

15th March 2024.

PE (Cross Country) **Wednesday & Friday**

This term marks the start of our P6 and P7 cross country training sessions. These will be held at Kildare Park twice each week. Those who do not want to participate will participate in a MUGA session (Wednesday) or indoor PE session (Friday).

Appropriate clothing is required for all sessions.

Primary 7

Miss MacLeod

February - March 2024

Science

Pupils will be exploring the classification and life cycle of a plant and will investigate the effects of plants in our society. (S Forbes)

Transition Mission

This term also marks the beginning of the Lanark Grammar School's Transition Mission programme. All learners will participate in a series of lessons set by the LGS staff to aid their transition to LGS.

We are excited for the pupils to get their first 'sneak peak' into LGS life!

Literacy

This term, pupils will continue to work through our spelling programmes at their appropriate level. They will also be developing their reading through group novels. They will be particularly focusing on the skills of: note taking, determining importance and use of evidence from the text to justify their answers.

In writing, pupils will be focusing on creating texts for a range of purposes. They will be focusing on writing clear explanation texts linked to the 'Natural Disasters' topic and will later move onto persuasive writing. We will particularly be looking at the range of techniques authors use in these different styles and trying to include these in our own writing.

Homework

Homework will continue to be issued each Monday and due on Friday. Please continue to support pupils to complete their homework as this consolidates learning from the classroom. The pupils will be encouraged to do their homework in order to develop good habits and time management for LGS.
