

Numeracy

Pupils will work at the appropriate stage and pace for them whilst developing their knowledge of place value. P3 pupils will be working with numbers up to 1,000 and P2 pupils will be working on numbers up to 100. We will be looking at reading, writing, comparing and ordering these numbers. Learning will then be moving on to addition and subtraction at their own appropriate level.

We will also be using grid references and following directions using left and right as this will be linked to our Katie Morag topic.

Health and Wellbeing

This term we will continue working on our Protective Behaviours programme. Pupils will be exploring the ways in which we can keep ourselves and others safe. We will also be learning about where to find help if you need it and using kind words and actions both inside and out of school.

In PE, we will be working on both possession and target games. We will particularly be focusing on what makes a good team player and how to encourage others.

PE days are:

Wednesday (MUGA)
Friday (Indoor gym hall)

We will also be in the woodlands for outdoor learning most Tuesdays.

Appropriate clothing is required for all sessions.

Primary 3/2

Mrs Callan & Miss MacLeod

September - December 2022

Topic

We will soon be starting our new topic based on Scotland's landscape and will be using the Katie Morag stories to encourage reading, comprehension and social studies.

ICT

Pupils continue to develop their ICT skills through use of the Chromebooks in school. We use these to engage in a range of activities across the curriculum.

Science

P2 - In Science, through play, the children will be learning about the differences between living and non-living things and will be able to categorise using various factors.

P3 - In Science, through play, the children will be investigating forces using toys and other objects and will be able to make predictions.

Literacy

This term, pupils will continue to work through our spelling programmes at their appropriate level. Spelling activities are completed daily and learners are expected to apply this learning consistently in their writing tasks. As a class, we are all focusing on our handwriting and correct letter formation.

We are also continuing to work on grammar and our knowledge of different word types e.g. verbs. In writing, our whole class target is to ensure we include capital letters, full stops and finger spaces in every piece of work. P3's will be working on using interesting openers and connectives.

Homework

Homework will be issued on a Monday via Google Classroom and is due back on Friday. This will give pupils the opportunity to consolidate their daily learning. Weekly activities will include:

- Spelling
- Reading
- Numeracy/Maths
- Talking and Listening
