

### Numeracy

Pupils will be exploring place value this term. They will be learning to identify the value of a digit in a number, as well as partitioning and ordering numbers. We will also learn to estimate the position of numbers on a number line and to round numbers to the nearest 10, 100 and 1000.

We will develop our skills in measuring using mm, cm and m. We will develop our skills in estimating measurements and we will develop our learning through practical measuring activities within the woodlands.

### Homework

- Spelling strategies
- Reading
- Maths and Numeracy
- Big Maths Learn-Its

### Literacy

Room 7 are enjoying their class book study, *Evie in the Jungle*. We have been working hard to develop confidence when sharing ideas and opinions about the text. We will be focussing on using the text to develop skills in making predictions, creating character profiles and summarising important events. We will also develop our vocabulary through exploring unfamiliar words from the text. We are enjoying taking part in READ time where we have the opportunity to select and read our own texts throughout the week. In writing, we will focus on recount writing and personal writing. We will develop our skills in organising our writing in paragraphs, sequencing events and adding thoughts and feelings to our writing. We will develop our use of interesting vocabulary to engage our audience.

### Primary 5

### Room 7 - Miss Speedie

Aug-Oct 2023

### Topic

We will begin our Ancient Egyptians topic. We will learn to use a variety of maps to locate Egypt and to learn about how they used the land.

We will develop our understanding of the importance of the River Nile to the Ancient Egyptian society.

### Health and Wellbeing

During this term, pupils will develop their understanding of a range of emotions and how we can identify these. We will also focus on our first wellbeing indicator which is safe. We will develop our understanding of how to keep ourselves safe. We will consider people who can help us to feel safe.

### PE days are:

Thursday (outdoors)

Friday (indoors).

In PE, the pupils are developing their learning in ball skills to participate successfully in small team games of handball. Pupils will also develop their cooperation skills through opportunities to play a range of team games in the MUGA.

### Music

Room 7 will take part in the Fundamentals of Music programme where they will develop their knowledge and skills while learning to play the glockenspiel.

### ICT

We will develop our skills in using Google Classroom to support our learning. We will also learn to use Google Jamboard to share our ideas and opinions and collaborate on a share task.

### Science

In Science, the children will be learning about the respiratory and circulatory systems.
